

The **NOMAD POWER 15** is an external emergency battery which can recharge all types of electrical mobile devices.

It regroups 3 functions in a single device :

- Autonomous power supply for all types of electrical appliances.
- Booster for 12V vehicles (*motorcycles, light vehicles*).
- Emergency/warning lamp.

POWER SUPPLY

- 2 x **5V USB port** (4A) to recharge smartphone, tablet, sat-nav, etc.
- 1 x **19V PC socket** (3.5A) and 8 connectors to charge or supply power to the majority of laptops.
- 1 x **12V socket** (12A) : ideal for camping, to power a 12V device (Ice box, TV, fan, etc).

ENGINE START FEATURE (BOOSTER)

Its **lithium** battery presents an exceptional power/size ratio. It jumps starts vehicles equipped with 12V discharged battery (liquid, gel, AGM start/stop) in a few seconds.

SAFETY START

The **smart jump lead cable** protect at the same time the battery and the on-board electronics:

- Anti spark technology,
- Protection against short-circuits,
- Protection against polarity reversal.

LED TORCH FEATURE

3 mode lamp (1 LED).

EXCEPTIONAL AUTONOMY

With its large storage capacity, the product can be used round 10 times before recharging it.

POCKET SIZE

Lightweight (480g) and **compact**, it will ideally find its place in a vehicle's glove box/tray as well as in a suitcase.

 **MULTIPLE USES**
Not for professional use.

Comes with protective storage case + accessories

Smart jump lead

8 PC supply connectors

Multiconnectors
USB cable

- 12V charger
- Cigarette lighter
