

The **NOMAD POWER 12.24** is an external emergency battery booster which recharges all types of electrical devices.

It combines 3 functions in a single device :

- Emergency power supply for all kinds of electrical appliances.
- Booster for 12V and 24V vehicles (motorcycles, cars, lorries).
- Emergency lamp.

POWER SUPPLY

- 2 x 5V USB port (2.1A) to recharge your smartphone, tablet, sat-nav, etc.
- 1 x 14V socket (2A),
- 1 x 12V cigarette lighter socket (10A) : ideal for camping, it can supply power to a 12V device (Ice box, TV, fan, etc).

ENGINE START FEATURE (BOOSTER)

Its lithium battery presents an exceptional power to size ratio. It jumps starts vehicles equipped with 12V and 24V batteries (liquid, gel, AGM start/stop) in a few seconds.

SAFETY START

The smart jump lead cable protects both the battery and the vehicle's on-board electronics:

- Anti spark technology,
- Protection against short-circuits,
- Protection against polarity reversal.

LED TORCH FEATURE

- Emergency lamp (1 LED) with 3 lighting modes.
- Backup light 35 leds.

EXCEPTIONAL AUTONOMY

With its large storage capacity (9 Ah), the product can be used around 10 times before recharging it.

POCKET SIZE

Lightweight (1.5 kg) and compact, it will easily fit inside a vehicle's glove box.

Accessories

Smart 12/24V jump lead

Multiconnector
USB cable

• 12V Charger
• Cigarette lighter socket
